Program Description

The Waypoint Hiking program will take place in some of New England's most beautiful woodlands. You will be encouraged to reach your individual and group goals as well as learn lessons about safe and low impact wilderness travel while hiking in a fun and supportive community. Some of the lessons may include layering, packing the 10 essentials, map and compass land navigation, teamwork, communication, and perseverance.

Accommodations - Accommodations and Equipment can be made by special request, please call email or call Dan or Adam at least one week before the date of the trip to make arrangements. (*See Contact Information Above*)
